URGENT: Your telephone services will be impacted unless you take action!

Dear Valued Customer,

InLine will discontinue offering local exchange (dialtone), exchange access and intrastate and interstate long distance services in certain areas within the State of Alabama on or after May 1, 2018, pending applicable regulatory approvals, due to the decommissioning of such services. **Your service will be affected by this discontinuance.**

To avoid a **permanent disruption of your telephone services**, please contact InLine at (205) 314-7714 as soon as possible to discuss your available options for an alternative service provider. Failure to do so may result in insufficient time to transition your services to an alternative provider and could result in the complete loss of your dialtone and long distance services, including your telephone number, with no short-term ability to restore them. You will need to migrate your telephone service to an alternative provider **before May 1, 2018.**

A filing is being made with the FCC for approval of this discontinuance of service. The FCC will normally authorize this proposed discontinuance of service unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 15 days after the Commission releases public notice of the proposed discontinuance. You may file your comments electronically through the FCC's Electronic Comment Filing System using the docket number established in the Commission's public notice for this proceeding, or you may address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the §63.71 Application of InLine. Comments should include specific information about the impact of this proposed discontinuance upon you or your company, including any inability to acquire reasonable substitute service.

Sincerely,
InLine
